Please list, in order of priority, a list of people that can or need to be called in the event of an alarm or emergency signal. If the premise has no answer this list guides us on whom to call next, in order to

- (1) get a hold of the owner or
- (2) talk to someone that can assist in the situation at hand.

This list is very important and needs to be well thought out. **Please keep this list up to date. Please fax updates or changes to 702-396-3206, include name and account number.**
